Lost week, the company I work for sent me to Boston to meet with a prospective new client and his securary turned out to be a follow high school graduate.

I didn't recognise Sally at lint. Sedden the eight-year gap, are had lost a tremendous amount of weight and undergone a complete indecever, it was hard to believe that site was the same chubby gill his teased back in twelfth grade gym dall. I would have thought mot their want nothing to do with me, but just the opposite seemed to be mue. Not only did she give me a powerul bear hug, she even invited me to her house for dinner. I would have declined except that my old achool chain had been transformed from a mousey-naised, rotund stop into a becurituit blands parasinal, and I wanted to India out mare. Fin witting this letter because i thought your readers would be interested in hearing about my experience, but I have to sell you right from the start that if this kind of thing can happen to me it can happen to anybody. I'm not anything special—ilimply a baiding, \$2-year-aid alwares diman with a sith build and a dead end job managing a convenience store. Why anybody would choose me to be part of a timescome a still a mystery.

A few weeks ago my younger littles and her husband allows down from New Hampshire with another couple, Wemay and Nex; to take in the races and they decided to pay me a with.

Wendy and Alex seemed like anics, young, down-toearth couple. Alex was in the import business, and Wendy was a schoolteacher. On their last night in town, Alex

approached me in the parking lot of the restaurant where my brother-in-low had just aprung for dimner. West called me about juring him and Wendy in bed He was quite up front about if. Wendy was affracted to me, she enjoyed having two guys of once, and he didn't mind sharing.

"Hare's where we're stoying, ton," he sold, honoling me a please of paper. "Orap by later and we'll have sometim."

it was difficult to lisep a straight face while Joying good-bye to my tamily because I haneitly thought that they were playing a practical jobs on me. Still, a man doern't get an oppartunity libe that everyday, and Wendy was cufe--comeryatively speaking -ashough her pirm white blouse, standard dentins, and sendale shoes pretty much disguised the contours of her tiny, compact body which left me only her soft, round does, and short, let block hair to make any assement of her beauty.

Wendy's moist, fuzzy sexpit was as tight as it was tasty and the best part was that she met me thrust for thrust without missing a beat on her husband's driving cock

In the end, decided to give it a shat and an houlater, was rageting nervously in front of their corn. Also, wearing a simple herydoth robe, graciously usnered meinside where his wife rounged secucivery in a chastooking quire different than the had a few nous earlier. Her dark mane had been styled into a natio or econyringlets that accentuated her billians blue eyes and full mount, and he sheet, the engine red pergons seemed to form inself around her strail, bare predate, raucy, nucle hibs, and rylan-covered leaf.
